Note:

* Applicable to first-timers who buy a flat with sufficient lease to cover the youngest core buyer and core occupier to the age of 95. Otherwise, the household will receive a pro-rated EHG amount.

^ Applicable to families with at least two first-timers.

Under the Joint Singles Scheme, the EHG is available for buying 2-room Flexi flats on 99-year or short leases from HDB and resale flats (2-room or larger flats) on the open market.

@ Under the Single Singapore Citizen Scheme, the EHG is available for buying 2-room Flexi flats on 99-year or short leases from HDB and resale flats (2- to 5-room flats) on the open market.

The increase to the maximum EHG quantum is progressively tiered such that the lower-income households who require more support receive the most assistance to realise their home ownership aspirations.
